

INTRODUCING THE HEALTHY BUILDING INSTITUTE'S HEALTHY BUILDING VERIFICATION PROGRAM

*For the Academic, Healthcare, Commercial,
Assisted Living, and Multi-Tenant Residential Markets*

The Healthy Building Institute (HBI) is an Environmental Health and Safety (EH&S) division within Hygieneering, Inc. that focuses on providing clients with expert 3rd party Indoor Environmental Health and Safety Compliance Consulting/Inspection/Testing/Training & Healthy Building Verification Services.

Today, trust matters more than ever. Facilities around the world are seeking to establish trust with their Staff, Tenants, and the General Public through properly verifying that their buildings are safe and healthy to occupy. HBI's, Healthy Building Verification Program delivers a trusted 3rd party expert technical solution and a transparent comprehensive communication component to reassure stakeholders of the Facility's commitment to providing a Healthy Building.

HBI's annual Healthy Building Verification (HBV) Program includes the following expert 3rd party EH&S Inspection, Testing, Guidance and Healthy Building Verification Scope of Services:

- Comprehensive Indoor Air Quality Testing and Facility Review
- Water Testing of Potable Drinking Water to verify EPA and OSHA compliance
- HVAC Mechanical System Inspection and Operations Guidance
- Facility Cleaning and Disinfection Review/Recommendations to verify OSHA, EPA and CDC compliance
- Public Outreach Program - Building Entryway "Healthy Building Verification" QR Code Scan Signage to Promote and Build Trust with Building Staff, Tenants, and the General Public
- Optional - Implementation of the Healthy Building Institute's - Contact Surface Hygiene Program
- HBI-HBV Program provides up to 2 LEED points for LEED accredited buildings

Implementation of the HBI – HBV program also provides facilities with direction and resources to rapidly respond to potential Indoor Environmental EH&S problems early on with well documented, scientific supported solutions.

For more information or to receive a HBI – HBV Program proposal please contact us at HBI@Hygieneering.com or call us at 800-444-7154.
