

# PSM & RMP COMPLIANCE SERVICES

**Hygieneering, Inc.**

Environmental, Health and Safety  
Consulting Services

*Helping our refrigeration, food processing, and other industrial clients to prevent the unwanted release of hazardous chemicals while maintaining and/or developing a compliant Process Safety/Risk Management Program.*

Hygieneering's expert team of workplace health and safety professionals can effectively evaluate/update your current PSM/RMP program or develop/establish a new OSHA/EPA compliant program to safely support your operations.

Hygieneering's team of trained and experienced professionals will:

- ✓ Develop/update your site's PSM/RMP program for you on a turnkey basis, or assist you in the coordination or development of any phase or element
- ✓ Provide on-site implementation assistance
- ✓ Assist with management of changes/pre-start up safety reviews
- ✓ Evaluate your PSM/RMP program periodically to ensure compliance
- ✓ Conduct training sessions for your personnel

Hygieneering also provides:

- Process Hazard Analysis Services
- Compliance Auditing Services
- Offsite Consequence Analysis Services
- Written Management Plans (i.e. employee participation, management of change, contractor safety, etc.)
- Operating & Preventative Maintenance Procedures
- OSHA Required Programs (i.e. lockout/tagout, confined space, respiratory protection, emergency evacuation, etc.)
- Mechanical Integrity Testing Services
- PSM/RMP & HAZWOPER Training Services
